

# CUSTOM PRINTING

For the past 30 years, we have provided custom printed premade packages and rollstock to thousands of satisfied customers. From the earliest phases of the design state, up and through formal production, our knowledge and expertise of the process help keep things simple. We offer several different options to suit your design and printing needs.

### HOT STAMPING

A growing number of packaging designs are moving toward clean, simple art. Our hot stamping service can help you achieve this softer look. We can hot stamp most of our stock packaging styles and structures using a print die with your artwork or logo. Give us a call for more information on the art requirements, templates, and printing guidelines.

**Minimums**

1 case

**Lead Time\***

6 weeks / 3 weeks for re-orders

**Pre-Press Charges**

\$250.00 per die

**Printing Style**

Clean, simple art. Hot stamping is done on the surface of our stock bags using a print die with your artwork or logo.

**\*NOTE:** These are pre-COVID-19 lead times. Please expect an additional 2-4+ week delay until further notice.

### DIGITAL PRINTING

Digital printing offers low minimums, high quality, and the same bag making standards as traditional printing methods. We have over 30 years experience in making high quality packaging and bags that stand up to the rigors of the industries we serve.

**Minimums**

1,000 bags

**Lead Time\***

6-8 weeks

**Pre-Press Charges**

None

**Printing Style**

Digitally printed with the same high quality bag making process and quality control standards.

### GRAVURE & FLEXPRESS PRINTING

In our experience, custom printed packaging takes more time and planning than customers anticipate. Therefore, we emphasize the importance of details and pre-planning so the process is smooth. Whether it's the first time or a new project, custom printing involves a larger commitment of time and money.

**Minimums**

Size dependent. Call for MOQ's. For example, 12-16oz size: 25,000 units.

**Lead Time\***

10-12 weeks from approved artwork

**Pre-Press Charges**

\$300.00 per cylinder/plate

**Printing Style**

**Rotogravure** 8 color capability with the option to use one color for registered matte print or to add a floodcoat of matte.

**Flexographic** 10 print color capability.

Matte print (registered or floodcoat) is not available.
