flex

PACKAGING SOLUTIONS for

COFFEE

TricorBraun Flex has been providing flexible packaging and one-way degassing valves to the coffee industry for over 35 years. We understand the critical need for barrier protection and a properly functioning one-way degassing valve to protect your product and ensure it stays fresh. Our packaging options offer variety and convenience to fit your packaging needs.

From **convenient** to **responsible** package formats, effective packaging for coffee builds an emotional connection with consumers and drives success. TricorBraun can help you commercialize packaging that drives brand loyalty and increases your bottom line.

INSIGHT-DRIVEN

PACKAGING SOLUTIONS

With global coffee consumption continuing to grow, understanding what consumers need is crucial to your brand's success. At TricorBraun, we track both consumer behavior and market trends to provide today's most in-demand packaging solutions.

FRESHNESS

One-Way Degassing Valves

At TricorBraun Flex, we manufacture our one-way degassing valves in-house to exacting standards. We offer several valve sizes and styles to run on the most popular application machinery on the market.

Biotrē™ 3.0

The entire finished bag including the degassing valve is curbside compostable per ATSM guidelines.

Brands can offer reassurance to eco-conscious customers with **TricorBraun Flex's Biotrē™ 3.0**, which is **Biodegradable Products Institute (BPI) certified compostable**.

CONVENIENCE

Leverage packaging that is easy-to-open, easy-to-reseal, and grab-and-go formats for optimal convenience.

Packaging Solutions

- Block Bottom Bag with Pocket Zipper
- Side Gusseted Bag with Tin-Tie
- Flat Pouches for Instant Coffees or Single Serve Portions

E-COMMERCE

Flexible packaging is perfect for e-commerce as it is lightweight and shatterproof to ensure packaging integrity when it arrives at consumer's doorsteps.

Packaging Solutions

- Flexible packaging: *Block Bottom Bags, Side Gusseted Bags, Stand-Up Pouches*

SUSTAINABILITY MATTERS

With consumers placing high value on eco-friendly packaging, it's important that your sustainability efforts are communicated. TricorBraun offers the perfect sustainability packaging solutions and enhances the consumer experience.

THE EVOLUTION

Biotrē™ 1.0	60% compostable, 60% renewable, not including the valve. Earth-friendly, heat sealable barrier material. Available in all our Biotrē™ stock packaging lines.
Biotrē™ 2.0	60% compostable, all-renewable film layers and degassing valve. Currently available in our custom packaging.
Biotrē™ 3.0	AVAILABLE NOW: Biotrē™ 3.0 is certified compostable by the Biodegradable Products Institute (BPI). Majority of film layers are made from plant-based sources. Curbside compostable per ASTM.

WHO WE ARE

OUR AWARD-WINNING SUCCESS STORIES

A PASSION FOR PACKAGING

At TricorBraun, we develop packaging solutions that help customers win consumer trust and business. Whether your goals are stock or custom, short term or long term, straightforward or complex, we work with flexibility toward the best integrated solution for your needs.

STOCK PACKAGING AND ONLINE ORDERING

Our flexible stock packaging can be ordered directly from our website, tricorbraunflex.com, and our bags are shipped from our local warehouses within 24-48 hours of order placement. Stock bag minimums are just one case, which range from 250 – 2,000 bags, size dependent. We can also customize a case of stock bags via our Stock Customization Program that includes Hot Stamp, Letter-Press Printing and Label Application services.

DRIVE SUCCESS WITH CUSTOM PACKAGING
